

ESTHER - NOTES

Chapter #1

- The name Esther means=Hidden or star
- Her name is Hebrew is Hadassah (myrtle)
- All the vessels were unique (different) vs.1:7
- Queen Vashti represents the Church (*ecclesia*) the called-out ones. She was called out by the King to come to show forth her beauty yet she refused. She was content to know the King from a distance and refused to come face-to-face (know Him intimately) into His presence.
- What we do affects others. As part of the ecclesia we are one body of Christ. We are Christ-followers and as His disciples we are to show others they way to Him.
- There were wise men that the king consulted with. The sons of Issachar. They represent the priests; they knew the sign of the times. 1Chronicles 12:32; Ezekiel 48:33; Revelation 7:7

These are just a few notes I typed out while beginning the Esther Study. Taking notes are a great quick reference to look back on what was studied. I encourage you to take notes; they help me immensely in my studies.
